

## FIREPROOFING PRODUCT CASE HISTORY

# BILL RICHARDSON TRUCK MUSEUM

<b>PROJECT:</b>	Bill Richardson Truck Museum Extension
<b>LOCATION:</b>	Invercargill
<b>CONTRACTOR:</b>	Calder Stewart Construction AllBlast, Milton
<b>APPLICATOR:</b>	Southern Industrial Coatings
<b>DATE:</b>	March 2015
<b>SALESPERSON:</b>	Brent Davies
<b>SUBSTRATE:</b>	Mild Steel
<b>PROJECT SIZE:</b>	1500m <sup>2</sup>

### SURFACE PREPARATION

Abrasive blast SSPC SP10, Sa 2 1/2

### SYSTEM

Carbozinc 859 EZ 2 at 75 µm DFT, Carboguard 636 at 150 µm DFT and E-Line 379 at 50 µm DFT. Colour is Castlecliff.

Fire rated steelwork Carbozinc 859 at 75 µm DFT, Nullifire SC902, E-Line 949 at 50 µm DFT.

### EXPOSURE

Interior and exterior exposed

### AREA COATED

1500m<sup>2</sup>

### COATING SELECTION

Some steel has been fire rated using the new Nullifire SC902 two pack coating. Southern Industrial Coatings gave extremely positive feedback for its ease of application and excellent build properties.
